

Hotel Project Brochure

**Excellence in Waterproofing, Roofing
and Surfacing Technology**

Kemper System

In 1957, Kemper System developed the first cold liquid-applied, fully reinforced waterproofing membrane. Since then, our products have proven to perform at optimum performance on billions of square feet.

Today, Kemper System is the worldwide leader in manufacturing the highest quality waterproofing and roofing membranes in the industry.

*Revel Atlantic City,
Atlantic City, NJ*

Revel Atlantic City Beachfront property in New Jersey is subject to hurricane force winds and rain, as well as annual snowstorms and temperature swings. To protect the casino and indoor areas below, Kemperol[®] V210 cold-liquid applied, reinforced resin membrane system to the occupied and landscaped outdoor areas.

Loews Don CeSar Hotel, St. Beach, FL

Loews Don CeSar Hotel in St. Pete Beach, Kemper System delivered odor-free solutions to restore the main roof and to protect a spectrum of architectural designs throughout the historic landmark hotel -- from the parking deck ramps to the luxurious setback terraces.

Hawaiian Hilton Village, Honolulu, Hawaii

Hawaiian Hilton Village, Honolulu, Hawaii, Kemper System installed balcony waterproofing at the Hawaiian Hilton Village. EP Primer and 2K-pur with 165 Fleece was used with alkalinity protection with tile installed as the overburden. There was no disruption to the hotel or its guests due to the odorless system installed.

*Sheraton Kona Resort & Spa
Kona, Hawaii*

The Shore Club Hotel, Miami Beach, FL,

The Shore Club Hotel, Kemper System installed 2K PUR for this 15 year old, leaking roof. The existing membrane was removed, insulation and cover board, then a new Kemper cold fluid applied membrane was installed.

Penetrations due to various mechanical equipment into the previous membrane were always a maintenance issue and problematic, but the monolithic Kemper membrane encapsulates all of them - creating an impervious roof system.

*The Swan & The Dolphin
Orlando , Florida*

*The Peninsula Hotel
New York, New York*

At **Disney's Swan and Dolphin Hotel** in Orlando, FL, the liquid-applied system was able to wrap every shape and contour of the shell-like water features. Kemperol® waterproofing membranes easily address the most exacting details of design and stringent project constraints.

International Projects

Kemper System, located in the center of Germany, specializes in waterproofing solutions for the most challenging projects, where traditional materials reach their limits.

The company maintains subsidiaries in Europe, the USA, Canada, India and China, plus partnerships with qualified contractors and distributors in a number of countries. KEMPER SYSTEM has evolved to become a worldwide specialist for waterproofing and coating and has added decorative and industrial floor coatings to its range of products.

Elysee Hotel, Hamburg, Germany

Adam & Eve Hotels, Belek, Antalya, Turkey

The Leela Palaces, New Delhi, India

Excellence in Waterproofing, Roofing and Surfacing Technology

Our highly trained and professional staff stands behind our technology with a half-century of experience and expertise. If you have a challenging project that requires a built-to-last, peace of mind, long-term solution, contact Kemper System today.
